WELCOME TO A UNIQUE SPACE, WHERE THE GREAT PROJECTS OF THE FUTURE GROW WITH EACH STUDENT

Because welcoming students to Puertanueva is much more than opening the doors of **our top university residence**; it is welcoming them to **a new decisive stage** in the future of each student, and in the ideal space to experience it.
The place to develop it from.

PUERTANUEVA, AN OPEN DOOR TO THE FUTURE

To enter our residence is to open a door that connects the tradition and treasured experience of an institution with **37 years of history**, to the present day and the students who are working towards a **successful future** day by day. Cultivating the **values and responsibility** to achieve it.

SPACES DESIGNED TO TRANSFORM STUDY INTO SUCCESS

Every corner has been designed to create **an ideal environment for studying.** A retreat, inviting concentration and providing everything one may need to **develop their talent** and personal development, **making the most** of their time at university.

A NEW RESIDENTIAL CONCEPT WITH A WIDER VISION

Our residential concept goes beyond offering the best accommodation to each student: we seek to provide them with **the ideal environment for developing** personal, academic and professional excellence. And all this while feeling right at home.

MAXIMUM COMFORT AND HIGH-QUALITY SERVICES, TO FEEL RIGHT AT HOME

In 1982, Puertanueva laid the foundation for a top university residence. It's that same solid foundation on which the future of its residents rests today, but with a major renovation of its facilities to offer **maximum comfort and high-quality services in their daily lives.**

37 YEARS OF EXPERIENCE AND EXPERIENCES

The common areas are designed to create valued experiences among our students, providing a **cosy atmosphere of communal living**. Spaces to share conversations, laughter, activities... Moments that will forever mark **great, long-lasting friendships**.

DESIGN SPACES, FULL OF LIFE

In offering an innovative concept, Puertanueva has **new facilities** that breathe design, quality and comfort in every corner. Its open, spacious and dynamic rooms, its light-filled corridors and its common areas **help our students grow from the inside out.**

A HEALTHY AND BALANCED DIET TO DEVOUR THE WORLD

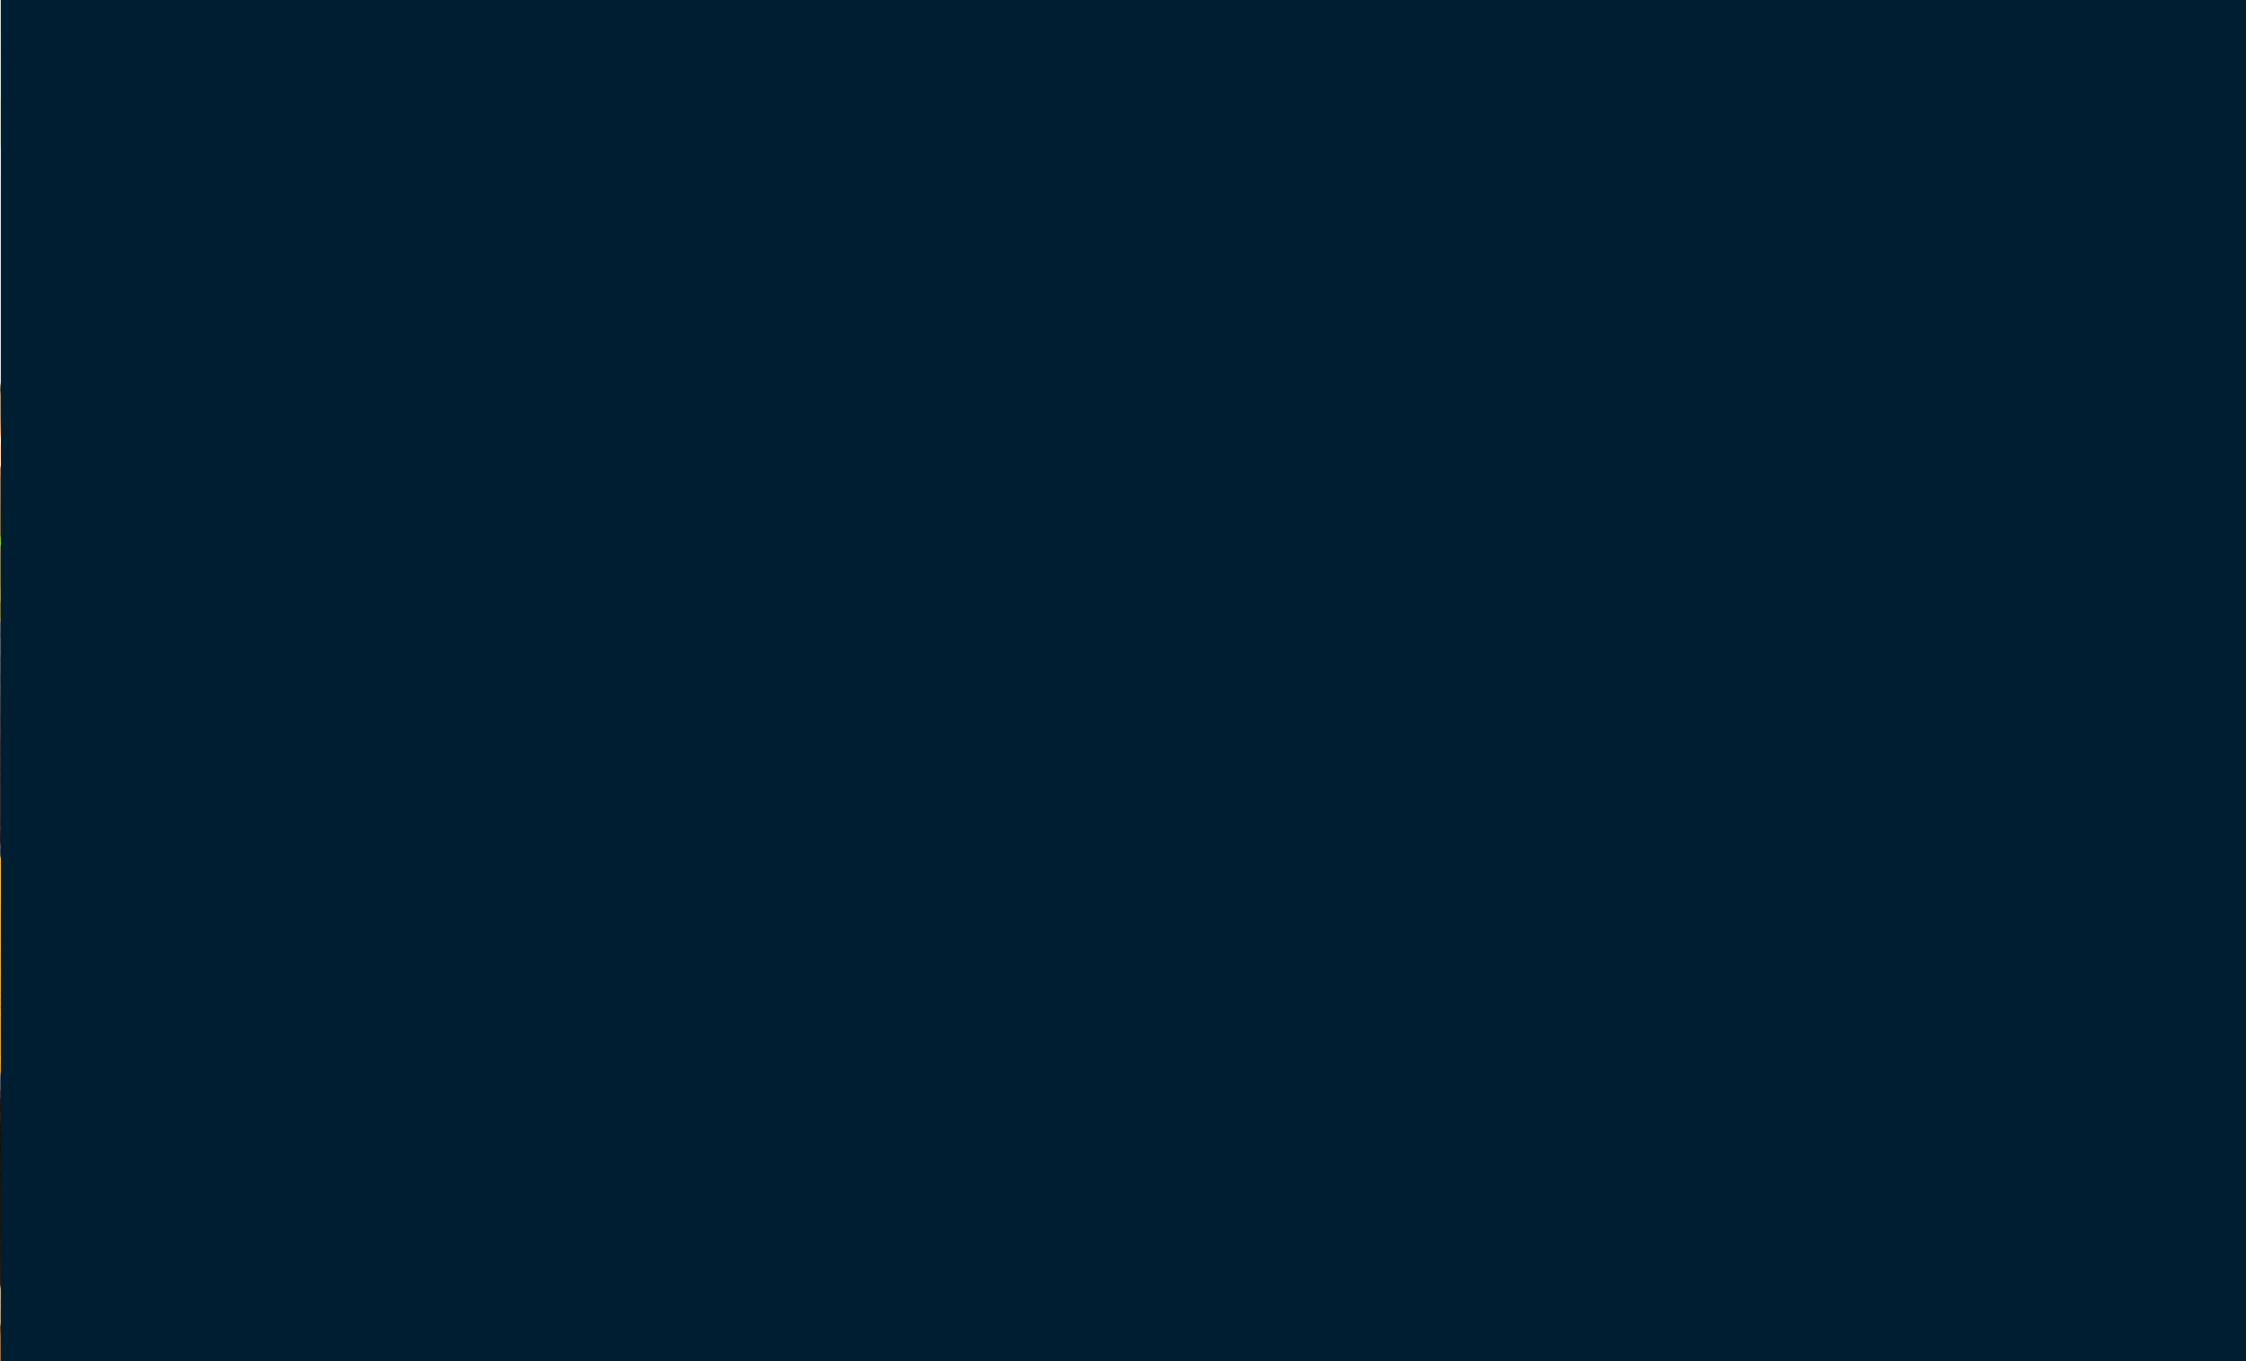

We value **the importance of proper nutrition** in the intellectual and physical development of our students. That's why our kitchens serve **healthy and balanced meals**, using fresh, seasonal products.

A PRIVILEGED LOCATION, RIGHT IN THE HEART OF CORDOBA

Our residence is excellently located **in the historic centre of Cordoba** and **only 50 metres from the Faculties of Law and Business & Economics** which offers added value, making it the ideal place for university life.
